Re: Receipt of 1994 Annual Reports, Millard and Washington Counties, Utah

Dear Mr. Feller:

Thank you for submitting the 1994 annual reports for your mining operations located in Millard and Washington Counties, Utah. The filing of these reports satisfies the requirements of the Utah Mined Land Reclamation Act and interpretive rule R647-3-116.

We copied you with a letter dated March 31, 1995, which advised the BLM that the amendment for the Black Hills Project (S/027/027) would not be accepted until your annual reports had been filed. ***This letter now acknowledges acceptance of that amendment.***

The new notice you submitted for the TJKSK mine (S/053/046) is still awaiting your reply to the deficiencies noted in our March 30, 1995, letter to the BLM and copied to you.

If you have any questions or concerns regarding this letter, please notify me or Lynn Kunzler of my staff. Thank you for your continuing cooperation.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
